NOTICE.

The Index-Catalogue of Medical and Veterinary Zoology represents the joint working card catalogue of the Division of Zoology, Bureau of Animal Industry, and of the Division of Zoology, Hygienic Laboratory, U. S. Public Health and Marine-Hospital Service. It consists of three parts—Authors, Subjects, and Hosts. The Author Index is published in an edition of 2,568 copies, as Bulletin No. 39, Bureau of Animal Industry, with continuous pagination.

This bulletin is not for general free distribution, but is intended for use of libraries, educational institutions, experiment stations, laboratories, sanitary officials, and investigators. Persons desiring private copies can obtain them by purchase from the Superintendent of Documents, Government Printing Office, Washington, D. C., or by exchange with the Bureau of Animal Industry. In ordering copies, state distinctly which number is desired.

Collaborators.—In preparing this Catalogue, we have had the assistance of various persons connected with the two Zoological Divisions. Of these there should be mentioned in particular, as collaborators on the letter N:

Brayton H. Ransom, B. Sc., A. M., Ph. D., Chief of the Division of Zoology, Bureau of Animal Industry; Caroline Myers, Charles A. Pfender, M. D., Earle C. Stevenson, B. Sc., A. M., M. D., and Walter D. Cannon, A. B., M. D.
